

## NO PARTY CAUCUS FOR INSURGENTS

Those in House Refused to Sign a Call for One on the Postal Savings Bank Bill.

## DO NOT WISH TO BE BOUND

Complaints Against Forest Service and The Department of the Interior.

Washington, May 23.—About a dozen Republican members of the House of Representatives, so far as is known, refused to sign the call for the party caucus on the postal savings bank bill.

The call has been issued for Wednesday night. The petition upon which the call is based contained the names of about 170 Republican members. Among the number who refused to sign the call were Representatives Norris and Henshaw of Nebraska and Hagen of Iowa. The call was not presented to Representative Poinsett of Washington, whose name appears in opposition to programs formed by the "regular" wing of the party.

The insurgents base their action on their desire not to be bound by the result of a secret caucus, as they preferred to see the bill considered on the floor of the house.

Chairman Weeks of the committee on postoffice and post roads said today that he had no doubt the bill would be given freest discussion Wednesday night. It was the purpose later to bring it into the house under a special rule which would permit amendment on the floor.

It was pointed out that a combination of Democrats and Republicans might defeat any attempt to bring such a rule into the house, and Mr. Weeks admitted it was easily possible. If the bill were thrown open to amendment on the floor, Mr. Weeks expressed the fear that it might be picked to pieces with amendments from the minority.

## FOREST SERVICE COMPLAINTS.

A number of alleged grievances against the forest service and the interior department, 34 out of 36 being against the former, were made public today in the published report of the last day's session of the Ballinger-Pinchot investigating committee.

One of the complaints against the interior department alleges an unjust decision by the land office in a homestead claim, while the other charges the contract let by Secretary Ballinger for the survey of the Idaho-Montana boundary was without competition and, therefore, illegal.

Against the forest service the complaints run all the way from general charges of incompetency and ruffianism by rangers to complaints of the inclusion of agricultural lands in reserves, the latter being the most general. After an extended debate, the \$250,000 appropriation to defray the expenses of the tariff board, recommended by the president, was stricken from the sundry civil appropriation bill in the house today. This action followed a decision by Representative Mann of Illinois, who was in the chair, sustaining a point of order made by

## ITCH GONE INSTANTLY PROOF AT 25 CENTS

What eczema sufferer would not spend 25 cents to cure that terrible agonizing itch? Since our repeated recommendations failed to induce some eczema sufferers right in this town to try D. D. D. Prescription at \$1.00 a bottle, we arranged with the D. D. D. Laboratories of Chicago to offer a special trial—for the present—at only 25 cents for this special bottle. This nominal price is made to assure a trial by every skin sufferer.

The remedy will convince you instantly, for it takes the itch away the very moment you start to wash the skin, and it cures—as we know.

SCHRAMM-JOHNSON DRUGS. Four Stores. Where the Cars Stop.

Mr. Fitzgerald of New York, who contended there was no law authorizing such an appropriation.

To meet the objection to the tariff board, on the part of many Democrats and some Republicans, Mr. Tawney proposed another amendment, which would provide for the collection of the same purpose, with the added provision that it was "to enable the president to give to Congress information of the state of the Union and recommend for their consideration such measures as he shall judge necessary and expedient," etc.

Under this wording of the measure, it is understood the president should send to Congress any information which may be collected under the proposed appropriation. By leaving out of the amendment all reference to the tariff board, which already exists, it is hoped that the provision would come within the rules of the house and would not be subject to a point of order.

Representative Fitzgerald promptly made a point of order against the new amendment and, pending his motion, adjourned until tomorrow.

Foley's Kidney Pills contain in concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments. Schramm-Johnson Drugs.

## JUVENILE COURTS JUSTIFY THEIR EXISTENCE

St. Louis, May 23.—Local public and private institutions of charity and corrections were visited today by the national conference of charities and correction delegates. In addition six sectional and one general session of the conference were largely attended.

Probation officers from many cities in the section meeting on "Children" agreed the juvenile court has been a success and its enlargement was urged. The national probation officers' association attended the meeting in a body. Medical inspection of school children and the care of their teeth at the expense of the community were advocated by Dr. James Stewart of St. Louis. He told the delegates that through his efforts the local board of education had agreed to give school children free dental treatment.

The organization committee is expected to announce the editor of the official newspaper to succeed Miss Jane Adams. So far Homer Polk of New York is the only one mentioned for the place.

## FARM FOR INEBRIATES.

New York, May 23.—The inebriates' farm is in sight for New Yorkers who fail to limit their indulgence to one spree a year. Mayor Gaynor signed the bill today, recently passed by the legislature, authorizing the city to establish an institution for their detention and treatment. Only Gov. Hughes' signature is now needed to make the measure a law.

## COL. ROOSEVELT TAKES MUCH NEEDED REST

His Throat Still Bothers Him, His Voice Being Husky—Only Two Engagements This Week.

London, May 23.—Col. Roosevelt is enjoying the quietest days thus far of his European tour and is getting something like a real rest. His throat, however, still bothers him and his voice is husky.

After spending the week end at West Park, the home of Ambassador Reid, Mr. and Mrs. Roosevelt, Miss Ethel and Kermit, returned to London today and are the guests of Lieut.-Col. and Mrs. Arthur H. Lee at their city house.

The lieutenant-colonel was military attaché at the British embassy at Washington in 1899. The Roosevelts will remain with the Lees for the greater part of the week. The demands on the former president's time do not lessen, but his host is doing his utmost to prevail on the colonel to refuse to see callers and to have the quiet of which he stands so much in need.

Mr. Roosevelt's only speaking engagements for this week are on Wednesday and Thursday. On Wednesday he will receive a delegation from the British group of the Interparliamentary union and on the following day he will receive a degree from Cambridge University.

Today Mr. Roosevelt was the guest at luncheon of 20 big game hunters, several of whom joined in presenting him with a gift before he started on the African expedition.

Those at the function included F. C. Selous, Sir Harry Johnston, F. G. Cunningham and Seton-Kerr, Sir Clement Hill, Count Von Blucher, Sidney Charles Buxton, Ian Buxton, W. Bailie Graham and Seth Bullock.

This afternoon Mr. Roosevelt had tea at Dorchester house, meeting Andrew Carnegie and Mrs. Carnegie, Dr. William Osler and a few others. Tonight the Roosevelts dined with the Lees, only the members of the two families being present.

## FOR MORE THAN THREE DECADES.

Foley's Honey and Tar has been a household favorite for all ailments of the throat, chest and lungs. For infants and children it is best and safest as it contains no opiates and no harmful drugs. None genuine but Foley's Honey and Tar in the yellow package. Refuse substitutes. Schramm-Johnson Drugs.

## WANTS NATIONAL PACKING CO. DISSOLVED

New York, May 23.—Application to the courts of justice for the dissolution of the National Packing company will be the next move by Prosecutor Garven of Hudson county in his war on the so-called meat trust. The concern was indicted in Hudson county last February. Prosecutor Garven announced today he would apply for its dissolution June 7.

## JURYMEN DIDN'T JUSTIFY HETTY GREEN'S FAITH

New York, May 23.—"Jurymen have always been good to me; I have never lost a case," remarked Mrs. Hetty Green today, as she smilingly expressed her satisfaction with the jury selected to try the suit of a safe deposit company against her for \$550. Yet after a brief trial the jury brought in a verdict against Mrs. Green for the full amount claimed by a safe deposit company—\$550 with \$19 interest, a total of \$569.

The company sued to recover for five years' storage of books and records of the estate of her father, Edward Mott Robinson.

## UTE INDIANS GET JUDGMENT FOR \$3,408,611

Washington, May 23.—The United States court of claims handed down its decision today in the Ute Indian case, entering judgment for the Indian claims for \$3,408,611 as just compensation for lands confiscated by the United States government. The tribes confederated in the suit were the White River Utes, the Uinta Utes, the Southern Utes and the Uncompahgre Utes.

## FASTING MAKES HIM LIGHTER AND STRONGER

New York, May 23.—After a fast of eight days, Dr. Gustave Agor finds himself 15 pounds lighter, but stronger, he says, clearer in mind and with better memory and eyesight. He will consult an oculist for an opinion on the improvement of his eyesight.

The doctor sleeps out doors and drinks water freely. He acknowledges that for the first three days the smell of cooking drove him out of the house, but says harder still he found the deprivation of tobacco. He used to smoke 10 cigars a day. His hair has stopped falling out and he thinks it is turning darker.

Throughout the fast the doctor has continued his daily exercise and his lectures. He began the fast to study the influence of auto-suggestion on the body and is so pleased with the results that he says now he will prolong his fast to 50 days instead of the 30 days first planned. Physicians will watch him for any dangerous impairment of vitality and should such be noted, the fast will be discontinued.

## FLOATING PILLAR OF FLAME.

New York, May 24.—Fire transformed the steamer lighter Stranahan into a floating pillar of flame late last night when the vessel burned to the water's edge on Long Island sound. The blaze consumed a large cargo of lumber piled on deck and was extremely spectacular. So quickly did the flames spread that Capt. Guil and his four men had to leap into the water to save themselves after lowering a life boat. Then they slid into the boat and rowed ashore.

Deserted, the lighter drifted shoreward, threatening other vessels near Glassons Point. She was finally towed out of reach of the shipping.

## CHILD'S NARROW ESCAPE.

Syracuse, N. Y., May 24.—The two-year-old son of Ernest Allen has a narrow escape from death he last night. The baby was playing close to the railroad tracks near his home and was evidently struck by the step of a

## DR. JORDAN THINKS LITTLE OF LATE E. H. HARRIMAN

Palo Alto, Cal., May 24.—In President David Starr Jordan's address to the graduating class at Stanford university yesterday the subject of which was "The Wealth of Nations," reference was made to the lives of E. H. Harriman and other great financiers in drawing the lesson that man's success in life is not measured by what he does for himself, but rather by what he does for humanity.

"In those matters in which the permanent health of nations is concerned, in the long future of mental and spiritual development, the name of Harriman," said Dr. Jordan, "finds no place. The name of Newcomb in the same connection will stand in larger letters among those who, by life and influence, have made this world a better and a better one, or who have helped us to see better what a broad and beautiful world this really is."

Continuing he said: "The name of Rockefeller will not suggest Standard Oil or the association of monopolies. The Rockefeller Institute for medical research represents one of the wisest and most far reaching uses to which any man's money can ever be put."

## A Warning.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla.

It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.

for a trolley trip. They traveled 2,000 miles by trolley in the last two weeks, reaching Louisville in the south and Detroit on the north. The object of the trip was to investigate municipal trips in other states.

## HIS FIFTY-FIRST BIRTHDAY.

William Ayres Takes First Ride on Railroad to Celebrate It.

New York, May 24.—To celebrate his 51st birthday now approaching, William Ayres of Saratoga township, N. J., is going to take his first ride on a railroad train. He will go to New York of which he has heard a great deal in his time, but never seen. Ayres says he has been too busy all his life to take trips but for this once he will break his steady fast rule.

## AN IDEAL HUSBAND

is patient, even with a nagging wife, for he knows she needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spells, she needs Electric Bitters—the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used them and become healthy and happy. Try them. Only 50c. Satisfaction guaranteed by Z. C. M. I. Drug Dept., 112-114 Main St., Salt Lake City.

## AN UP-TO-DATE DRUGGIST

As it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or carrot for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

# HOW HE CURED HIS SKIN DISEASE

About twenty years ago I began to break out with Eczema on my head, legs and arms, and commenced treatment with the local doctors, but did not get much relief. I continued to treat the disease under the direction of different physicians for two years, and at the end of that time they said the disease was chronic. I then quit them and tried various ointments, salves, lotions, etc., for another two years, but soon I was as bad off as before, so I finally decided to let medicine alone, and for twelve or thirteen years I suffered intensely from the Eczema. During the time I lost about half of my hair. At last I began S. S. S., doubtful of a cure, because the disease had run on so long, but I soon discovered that your medicine was doing me good, and continued to take it. After taking S. S. S. for awhile I was completely cured of the Eczema, not having a single spot left on my body, which before was almost completely covered with the eruption. I waited until the Spring to see if it would return, but have seen no signs of it, and am satisfied the cure is permanent. It has been several years now and I do not believe I will ever have any return of the trouble.

1017 Hackberry St., Ottumwa, Iowa. F. C. NORFOLK.

What S. S. S. did for Mr. Norfolk it can do for every one who is afflicted with a Skin Disease. He is just one of the many thousands who have cured themselves by the simple process of purifying the blood and removing the cause from the circulation. We want you to be cured if you have any skin trouble, and shall endeavor in this short talk to tell you just why S. S. S. will accomplish the desired result.

The skin is composed of two distinct layers. One is known as the epidermis or outer skin, which has no fibres, and serves principally as a covering to the body. The other is known as the derma or true skin, and is composed of elastic fibres, fat tissue, glands, lymphatics, nerves, etc. The thousands of tiny veins and arteries with which this lower section is interlaced, supplies the cuticle with healthful properties from the circulation to keep the skin smooth and healthy. We can therefore readily see how necessary it is for the blood to be pure if the skin remain free from disease, and also why humors and acids in the circulation always find their way to the surface and cause skin affections.

All skin troubles are due to a humor or acid in the blood. Instead of supplying rich, nutritive properties to the cuticle, the circulation constantly deposits an acid impurity into the sensitive fibres and tissues. This causes inflammation of the under layer of the skin which splits or breaks the thin outer tissue and causes an ulceration of the blood, producing a discharge upon the surface, in the form of Eczema, Itch, Salt Rheum, etc. There is likewise a dry form of skin disease such as Acne, Psoriasis, etc. In these varieties the humor in the blood diseases the pores, hair follicles, etc., causing them
